

WATER FLOWS THROUGH LEVEE

Break in "Big Four" Dike at Cairo Lets Water Through Into the Lowlands

CREST OF OHIO RIVER IS FLOOD NOT YET REACHED

Women and Children Aid in Work on Levees; Flooded Cities Being Relieved

CAIRO, April 2.—The river has reached fifty-four and two-tenths feet, the highest in the history of the weather bureau. The levee protecting forty city blocks has been bulged to fifty-eight feet.

CAIRO, Ill., April 2.—Water continues to flow through the gap in the Big Four levee in North Cairo. It is predicted that within two days all the lowlands will be inundated.

Southeastern Missouri is warned that the greatest Mississippi flood since 1815 is impending. The levee at Hickman, Ky., is reported as weakening.

There has been no rise of the river since midnight; the worst condition of the flood is expected here tomorrow. Engineers say the reason for the stationary condition is the passage of the Wabash flood waters and the fact that the real crest of the Ohio flood has not yet arrived. The situation is also being benefited by the immense volume of water being drained into the lowlands through the break in the Big Four levee.

Many women and children remain in Cairo and are aiding the men in working on the levees. All railroad lines between here and Cairo Island have been cut off. Wire communication is still generally undisturbed. The weather bureau says that the threatened break in the levee above the city may prevent inundation here.

GOV. COX HAS CONTROL OF MILLION DOLLAR RELIEF FUND
COLUMBUS, O., April 2.—Governor Cox and the relief commission are planning a tour of the flooded districts preparatory to the inauguration of a system for the distribution of hundreds of thousands of the relief funds. Columbus will probably need \$100,000 to aid in the re-establishment of homes. For the same purpose \$500,000 will be needed in Dayton. The stricken sections are appealing for more funds. Dayton, Portsmouth, Marietta and Zanesville needs being particularly urgent.

DAYTON HAS 3 DAYS' FOOD—TO ASK GOVERNOR FOR AID
DAYTON, April 2.—President John Patterson of the National Cash Register Company, head of Dayton's relief commission, went to Columbus today to confer with Governor Cox and Mabel Boardman, a prominent Red Cross official. Governor Cox is custodian of the million dollar relief fund. Dayton's food supply is sufficient for only three days. It is believed Patterson will ask aid for the city, as it is badly needed.

GOV. SULZER DEMANDS SENATOR'S RESIGNATION

ALBANY, April 2.—Gov. Sulzer has demanded the resignation of State Senator Stillwell following the receipt of telegrams from President George Kendall of the New York Bank Note Company charging Stillwell with bribery in connection with the passage of bills in the legislature tending to curb stock exchange operations. Kendall flatly asserted that Stillwell had made several demands on him for money, citing specific instances.

CONVICTS TESTIFY IN PROBE OF SAN QUENTIN

SAN QUENTIN, April 1.—Graphic stories of the bread riots at San Quentin last June were given to the legislative committee investigating the prison, by five convicts who participated. Their testimony touched on the showing made by convicts that they were punished too severely for their part, and that their penalties were increased by petty officers without the knowledge of Warden Hoyle. The stories seemed to make an impression on the interrogators. The probe is scheduled to end in a few days.

RESIGNS AS PRESIDENT

SAN DOMINGO, Dominican Republic, April 2.—Archbishop Nouel, at today's session of the national congress, tendered his resignation as provisional president. The resignation was accepted.

Mrs Pankhurst On Trial—Looks For Conviction

LONDON, April 2.—Mrs. Emmeline Pankhurst was placed on trial at the Old Bailey court today, charged with inciting to violence in an attempt to dynamite Chancellor Lloyd George's home. She pleaded not guilty and announced that she would act as her own attorney.

Mrs. Pankhurst arrived at court in an automobile, accompanied by other suffragettes. She was calm when she pleaded. Justice Lush presided. The Crown was represented by Attorneys Bodkin, Travers and Humphrey. Before pleading Mrs. Pankhurst sent the following message to England's suffragists:

"I fully expect conviction. I am prepared for the tortures of imprisonment and forcible feeding, but will fight to the bitter end. I will not hesitate to use every possible means to obtain my release."

Mrs. Pankhurst was released on bail on the promise of good behavior pending the outcome of the trial.

Complaints Filed Against the Inspector

Complaints have been filed with the Board of Supervisors against County Stock Inspector G. W. Closson of Anaheim. Affidavits have been put in to the board asserting that the stock inspector has charged for making certain tests brought to his attention, and the claim is made that those tests should be made free, the stock inspector to get his compensation through his salary of \$125 a month. The matter was referred by the supervisors to District Attorney West with the request that an opinion be rendered to the board this afternoon. The district attorney ruled that the charges made by Dr. Closson were legal.

ONE FAVORED FLOOD BENEFIT FOR REFORM SCHOOL IS HELD THIS AFTERNOON

Whittier Building Said Unsafe; Emergency Bill for Removal Passes Senate

PUBLIC UTILITIES ACT RAISES SOME SALARIES

Bitter Debates on Citrus Duties, Memorial to Congress and Separation of Taxes

SACRAMENTO, April 2.—The Senate passed the emergency bill providing for the immediate removal of the boys from Whittier State school to lone because the present building is unsafe. It developed during the session that the inspection of the building was recently made under Governor Johnson's order.

PUBLIC UTILITIES ACT AMENDMENT PASSES

SACRAMENTO, April 2.—The Sutherland amendment to the public utilities act increasing the railroad commissioners' salaries to \$8000 annually passed the Assembly by a vote of 48 to 12. The amendment also requires foreign corporations operating in California to maintain offices here where the books will be open for official inspection.

ROW OVER MEMORIAL TO CONGRESS AGAINST LOWERING CITRUS DUTIES

SACRAMENTO, April 2.—A bitter debate was precipitated in the Senate when the Boynton resolution memorializing congress against lowering citrus duties came up. Wright of San Diego declared the industry was threatened by the Democratic congress. Sanford recommended that the matter be referred to the judiciary committee. Wright resisted the recommendation and final action was postponed to tomorrow.

The constitutional amendment striking down the act separating state and county taxes all power of the legislature to levy an ad valorem tax on all property when corporations fail to yield sufficient funds to run the government, was referred back to the committee on constitutional amendments for alterations. Assemblyman Weldon declared the vote will show whether the corporations are to receive more consideration than the people. He cited the citrus freeze, saying: "It is manifestly unfair that taxes are automatically raised on the people because of a calamity while the revenue from the corporation tax is thereby lowered."

Aid Asked for State Fair

SACRAMENTO, April 2.—The advocates of a greater state fair will appear tonight before the joint legislative committees to plead for appropriations asked in several pending bills.

CHICO IS SPOTLESS TOWN

CHICO, April 2.—The biggest and most thorough cleanup in the history of Chico took place yesterday under direction of the Chico Civic center. It was the second of an annual event. A hundred teams and horses and 1000 persons participated. The feature was the parade of big hay wagons full of debris and rubbish.

ARCHIMEDES' BURNING MIRRORS DISCOVERED

ROME, April 2.—A most important discovery has been made in the harbor of Syracuse of two bronze concave discs more than three feet in diameter joined with a rotary apparatus. One of the discs is pierced with a central circular hole. They are believed to be the celebrated burning mirrors invented by Archimedes for destroying an enemy's ships by focusing the sun rays on them.

ENORMOUS WAR TAX ASKED OF GERMANY

BERLIN, April 2.—Without precedent since 1813 when the Prussians melted their gold to drive out Napoleon, the German people were asked today in a bill presented to the Reichstag to add 100,000 men to the army and to raise an emergency tax of \$262,000,000. In addition the bill asks an increase of \$50,000,000 for estimated military and naval expenditures in excess of the \$350,000,000 already asked for in 1912, making the year's military burden over \$600,000,000. The request is regarded as ominous in the face of the present Balkan situation and general military unrest.

The burden of taxes will fall on the property holders, although all property under \$5000 will be exempt. The Socialists are the principal opponents of the measure but popular opinion, the government leaders claim, supports the bill.

The Socialists can muster 110 votes in the Reichstag, but thus far even with such a total they have been unable to defeat a single government plan. A vague sense of unrest pervaded the city following the announcement. The proposed increase would bring the army on a peace footing to \$50,000 men. It is estimated the war strength is six million men.

COUNTY SUPERVISORS DISCUSSING BUSINESS

Extensive Road Improvements Are Being Made in Various Sections of County; Other Betterments

After spending all day yesterday chiefly in wading through bills against the county for the month of March, the county supervisors devoted today's session to matters of not so strictly routine nature. One of the first matters taken up was the application of the Pacific Electric railway company for permission to construct its line across an extension of C street outside the city limits of Santa Ana, which the company will cross with its new electric line to Orange from here. It was specified that the crossing must be left in good condition.

The proposed purchase of two automobiles for the use of the county highway commission took up a goodly portion of the morning session. It is intended to buy one roadster and one 40-horsepower machine. Fifteen bids were received, and there were about as many talking representatives on the scene to explain the merits of each machine. The supervisors decided to take all bids under advisement.

Application was made by the East Whittier Water company to build a pipeline in La Habra valley. The franchise will be offered for same May 7.

EXCELLENT PROGRAM WAS WELL RENDERED

Subscriptions Still Being Made to Santa Ana Fund by Generous People

A large and well pleased audience witnessed the entertainment presented in the Grand Opera House this afternoon for the purpose of raising funds for the benefit of the flood and fire sufferers in Illinois, Indiana and Ohio. There were many exceptionally interesting features. Talent was in attendance from all the local theaters—the Cozy, Bell and Mirror—and all contributed materially to the success of the occasion.

The entertainment was under the direction of Bobby Hazel, the stage manager for the production, with Professor Krieger leader of the combined orchestra that was in attendance, and which proved a very charming addition to the program. R. E. Baker was in charge of the motion pictures.

CONTRIBUTIONS TO THE PROGRAM WERE AS FOLLOWS:

From the Cozy Theater—Picture: Overture by Orchestra; Joe Arthur's comedy company presents Mandy Perlman in Hebrew and newsboy impersonation; Charles Morrell, instrumentalist and monologist; Joe Arthur and his talking dolls.

From the Bell Theater—Picture: George H. McCormick, character impersonator; Helen Drew, incomparable comedienne; Bobby Hazel & Co. in "The Property Boy."

WASHINGTON, April 2.—The Interstate Commerce Commission has reported on the investigation into alleged railroad pass grafting in Colorado, demanding the indictment of the Colorado Fuel & Iron company, the Victor & American Fuel company, the Colorado Portland Cement company, and the Great Western Sugar company for accepting passes and of the Denver, Rio Grande and Southern railroads for granting passes.

The report alleges that judges, state officials, legislators, county and municipal officers also used passes. The report says in detail: "Even judges have not hesitated to pursue this course. Records disclose that personal requests for passes by judges were accompanied by expressions of their sense of obligations for such favors granted both before and after they went on the bench. Railroad witnesses explained frankly that such passes were given because of political service."

REBELS WAIT FOR DARK TO ATTACK

DOUGLAS, Ariz., April 2.—Mexican rebels are camped about Naco preparatory to a final attack on the last federal stronghold in northern Sonora. General Ojeda defends the town with 350 men, and is outnumbered four to one. The rebels will probably attack at night, fearing a day assault on account of the federal's superior discipline, fortifications and artillery. Two hundred Yaquis are with the rebels under Chief Bules.

INSTALLING BLOCK SIGNALS

NEW YORK, April 2.—Southern Railway will begin at an early date installation of automatic electric block signals on the line between Alexandria and Orange, Va., 78 miles. This system will connect with the automatic block system of Washington Terminal company, so that the entire line from Washington, D. C., to Orange, Va., will be operated under automatic electric block signals.

TRIANGULAR REGATTA FOR LAKE WASHINGTON

SEATTLE, April 2.—A Triangular Intercollegiate Regatta on Lake Washington was assured today when Coach Conibear of the University of Washington received a letter from Graduate Manager Burbank of Stanford, accepting the invitation which California has already accepted. May 13 or May 26 are the dates suggested.

PENNSYLVANIA IN LINE ON SENATORS' DIRECT ELECTION

HARRISBURG, Pa., April 2.—The state senate today unanimously ratified the constitutional amendment for direct election of senators. The house had already ratified the amendment. Pennsylvania is the thirty-fifth state to ratify this important amendment.

AUSTRIA NOW SHOWS HER TEETH

Sends Ships and Men to Force Montenegro to Raise Siege of Scutari

SCUTARI IS IN FLAMES; MONTENEGRO TAKES FORTS

In Reply to Powers Montenegro Refuses to Raise Siege; Peace Terms Outlined

CETTINJE, April 2.—Servian troops today began a terrific bombardment of Scutari, independent of the Montenegrins. The reports that Scutari is burning are confirmed. Its fall is expected hourly.

VIENNA, April 2.—A portion of an Austrian squadron is reported to have reached the Montenegrin port of Antivari. The remaining vessels are held in reserve at Cattaro. Transports with 3000 infantry accompany the ships. It is generally expected here that unless the siege of Scutari is raised immediately the demonstration will begin.

CETTINJE, April 2.—Scutari is burning, according to announcement by the war office. The government also announced that the Montenegrins have captured three forts at Tarabosch.

TERMS OF PEACE THAT ARE AGREED TO BY TURKEY

CONSTANTINOPLE, April 2.—The terms of mediation offered by the European powers to Turkey and the Balkan allies were:

"(1.) The frontier of the Ottoman empire in Europe shall start at Enos and, following the course of the Maritza river, and then that of the Ergene, shall end at Midia. All territories situated west of this line shall be ceded by Turkey to the allied states with the exception of Albania, the delimitation of which shall be fixed by the powers.

"(2.) The question of the Aegean Islands shall be settled by the powers.

"(3.) Turkey shall abandon all claim to Crete.

"(4.) The powers cannot favorably entertain the demand for indemnity, but will admit the allies to participate in the discussions of the International commission in Paris for an equitable settlement of their participation in the Ottoman debt and in the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the labors of this commission."

Must Stop Hostilities

The great powers declare at the same time that as soon as the bases are accepted, hostilities shall cease.

On March 28 Bulgaria gave notice of acceptance of the offer of mediation, but persisted in her demand for a war indemnity and proposed to substitute a frontier line from Midia on the Black Sea to the Gulf of Saros at the top of the Peninsula of Gallipoli.

The European ambassadors in London have been considering the situation since that time, but have not reached any definite conclusions. The fall of the fortress of Adrianople is considered likely to have some influence on future negotiations.

MONTENEGRO REFUSES TO QUIT SIEGE OF SCUTARI

CETTINJE, April 2.—In reply to the powers' note as to giving up the siege of Scutari, Montenegro expresses regret that it is unable to defer to their wishes to cease hostilities at Scutari and in the territories allotted by the powers to Albania.

ENJOY FOOD AND POLITICS AT COLLEGE BANQUET

NEW YORK, April 2.—Politics and food will be digested together tonight when the Intercollegiate Civic League holds its seventh annual banquet at the McAlpine Hotel here. A conference of the league at Columbia University preceded the function and President Nicholas Murray Butler of Columbia delivered the address of welcome. The club will go to Washington to call on President Wilson tomorrow night.

Statement Concerning The Hubermann Suit

Editor Register:—The item in the issue of April 1st referring to Max L. Hubermann, is a good illustration of how the publication of a half truth with display heading may do grave injury. As attorney for Mr. Hubermann in the case referred to I wish to state that there is nothing in it which in the slightest touches his reputation. In the first place, the amount involved is \$60.25. Second, the money to pay it is lying in the bank if it should be determined that he is at all personally liable. In a nutshell, Hubermann let a contract to one Bartlett to build two bungalows and he took from Bartlett a bond in the usual way. When Bartlett was half done and had received half his payments he abandoned his contracts. Hubermann at once completed both houses and paid for every item in cash. This claim of lien was filed by a man for painting done for Bartlett after he had been paid for all he did for Hubermann, and as any lawyer will know, in this suit on the lien and the bonds Hubermann, as owner of the property, was a necessary party, though he may be and as I have advised him he is, in no way liable.

You will search in vain to find a case where Max Hubermann has ever welched on a contract and while none of the Bush street residents appreciate more than he does the inconvenience of the delays in that work you can assure them that it is going to be done very shortly and done right and that the contractor will not be found blamable even for the delays which have occurred.

Yours truly,
E. W. FORGY.

IN THE JUSTICE COURT

NEW COMPLAINT FILED ON OLD CHARGE

Alteration of Acknowledgement Before Notary Public Is Basis of Action

A new complaint was filed this morning in the justice's court against W. N. Shields, a real estate dealer, who was recently arrested on the charge of forgery in connection with a notarial acknowledgment before H. R. Andre. The new complaint is to take the place of the complaint filed recently and covers the same case, the new proceedings being to meet certain possible defects in the first complaint.

From the records in the case it appears that the complaint is based upon the allegation that on December 27 last Shields appeared before Andre and had the latter make official acknowledgment of his signature in connection with a deed to certain land which he was selling to P. A. Wilson. The land is a 640-acre piece comprising all of section 31, T 5 S, R 1 E, S.B.E.M.

When the deed was offered for record it was found that the name of Emma M. Shields, wife of the accused, had been inserted so as to make the notarial acknowledgment indicate that both W. N. and Emma M. Shields had personally appeared before Notary Andre. It is charged that Shields made this alteration "for the purpose

of defrauding P. A. Wilson and H. R. Andre." Justice Cox fixed the date of Shields' preliminary examination as May 5, and held him in \$1000 bail for his appearance at that time. Bonds were furnished.

Case Dismissed

At the request of Assistant District Attorney Koepsel the case in which Bradford Hewitt was defendant upon a charge of being implicated in the theft of a motorboat at Laguna Beach, was this morning dismissed by Justice Cox. There was no evidence upon which to hold the accused. The boat was the property of Hill & Co., and was valued at \$325. H. J. Forgy was attorney for the defendant.

AT THE COURTHOUSE

FILE COMPLAINT FOR MONEYS CLAIMED

Quiet Day in Superior Court and Other Departments Not Rushed

Complaint was filed this morning with County Clerk Williams by Attorneys Arthur J. Baker and A. J. Shearer on behalf of Ernest Schroeder against Messrs. Smith & Miner, the packing house proprietors, and two unknown individuals.

The complaint recites two separate causes of action, but both allege that the defendants are indebted to him in sums of money that total \$2827.65. It is set forth by Schroeder that prior to a date in November, 1911, the defendants collected on his account sums amounting to \$827.65, which they have failed to pay him.

As a second cause of action he alleges that within the two years preceding November 25 last the same defendants became indebted to him in the sum of \$2000 on account of goods claimed to have been delivered to them, especially apricots.

ONE REPORT OF ALL THE FISHING PARTIES

There were twenty-three fishermen at Mrs. Morris' place above San Juan Capistrano and San Juan creek yesterday. They did not find very good fishing and in addition to that, the fish caught were mostly small ones. The highest number caught was by Tom Hill of the Hill & Walker sporting goods house, who caught 44. His companion, Wm. Smith, caught 18. Besides getting the largest number of fish, Hill also got the largest, which measured nine inches. Mr. Hill says that the whole thing in fishing is to know where to fish and to have the right kind of fishing tackle.

INTERESTING NOTES FROM EL MODENA

The new Friends parsonage, which is being erected on the church site, is progressing nicely.

The John T. Carpenter Water Co., which bored a well north of El Modena recently, has been installing a pumping plant and engine, which they expect to put in operation by next week.

Mrs. Mark Lacy of Santa Ana, was an all-day guest of Mrs. Stephen McPherson one day late last week.

The ladies of the El Modena Missionary Society held an all-day sewing party yesterday at the house of Mrs. Robert Mapson. The society is sewing for two Mexican girls at the Whittier state school, which they regularly clothe.

Mrs. Helen Post of Detroit, Mich., and Mrs. Belle McKenzie of San Juan, San Benito county, who have been visiting various relatives around El Modena and McPherson, left today. Mrs. Post went to Los Angeles, while Mrs. McKenzie, with Mrs. W. G. McPherson of Orange, went to Long Beach for a short visit.

Mrs. R. W. Jones entertained a few relatives last Friday evening in honor of Mrs. Post, Mrs. McKenzie and Dr. and Mrs. Allison of Spokane, Wash., who were then visiting here. Her guests were: Mr. and Mrs. Stephen McPherson, Mr. and Mrs. A. J. Sanders, Mrs. W. G. McPherson, Dr. and Mrs. Allen, Mrs. Post and Mrs. McKenzie.

We have added an exceptionally nice lot of new patterns of Body Brussels and Axminster to our line of carpets. We would be pleased to show you this new line. Horton-Spurgeon Furniture Co.

LISS—"BETTER QUALITY"

Four-Coated Enameled Ware Turquoise Blue-White Lined

Experience has taught us that when buying enameled cooking utensils, the following questions are ever present in the mind of the housewife:

Will it wear? Is it pure and sanitary? Does it contain poisons or injurious acids? And in a great many instances these questions are unpleasantly answered in the course of a few months by the chipping and cracking of inferior ware.

Liss Better Quality, Four-Coated Enamel Ware is absolutely the best that can be produced.

STAG CHASED TO DEATH CAUSE OF INQUIRY

County Game Warden Runs to
Earth Facts Relative to
Unusual Incident

NO PROSECUTIONS TO FOLLOW INVESTIGATION

Dogs Accidentally Take Up Trail
of Fine Wild Animal In
Brea Canyon

There has been no small stir over
the fate of a stag that met its death
in Brea canyon on Feb. 10. County
Game Warden Robinson has made
several trips to the north end of the
canyon in an effort to get the straight
of the matter, and as a result of his
investigation and a journey made two
or three days ago by Robinson and
Under Sheriff Law, a party of men
were in the district attorney's office
yesterday. The result of yesterday's
hearing was that there would be no
prosecution.

The story that the game warden
first heard was that a stag was run
to death by dogs in Brea Canyon,
that part of the meat had been eaten
and that the head had been saved
as an especially handsome specimen.
February is a closed month for deer
hunting, and it is also unlawful to
run deer with dogs. It is against the
law to have deer meat in possession
during the closed season.

With fragments of the story to
work on, Robinson began his investi-
gations.

It seems that on Feb. 10 Joe Wag-
ner of Placentia, Ed. Gaines of Olin-
da and a man named Cunningham of
Los Angeles, were out with hounds,
including a pack or two that belong
in this end of the county. They had
scared up and chased down one coy-
ote and were searching for another
when the stag jumped up. It has
been several years since a deer of
any description has been seen in that
vicinity.

As the story was told to the dis-
trict attorney yesterday, Cunnin-
gham and Wagner grabbed all the
dogs within reach and prevented
them from chasing the stag. Part
of the packs, however, followed the
animal. Gaines went after them to
get them back if possible.

Here it will be necessary to change
the scene to a point in Brea Canyon
on the Los Angeles side of the coun-
ty line. John J. Oxart, aged about
20, was on a farming lease when he
saw a stag come over the hills and
plowed ground, chased by some dogs.
Oxart's grey hound joined in the
chase. The stag was laboring hard.
Suddenly he fell. Oxart ran to the
animal and found him dead, with
froth in his mouth. It was the first
wild deer that the young man had
ever seen. It seems that he had
possession of it when Gaines came
up. Gaines says he saw no wounds
of any kind on the stag and con-
cluded it had died from over-running.
Gaines says he advised Oxart that
it was against the law to have a
deer in his possession at this time
of year, and that on Gaines' advice
the entire carcass was burned.
The officers concluded that there
should be no prosecution. While the
stories showed that Oxart had the
deer in his possession, it seemed to
be a case of technical guilt.

ALL CORPORATIONS ARE NOT EXEMPTED

City Attorney Says He Applied
the Law Too Generally in
His Verbal Ruling

City Attorney Heathman doesn't
wish the impression to get abroad
that all incorporated concerns are
exempt from local taxation. Such a
report followed the colonel's an-
nouncement at the meeting of the
city trustees Monday night, that
Amendment No. 1 to the state con-
stitution, which was adopted about
two years ago, applied to all manner
and form of corporations.

"I was in error when I made this
statement," said the city's legal ad-
viser today in speaking about his
ruling. "I had been asked concern-
ing banks and such institutions along
with the express companies and the
Standard Oil, and I confused the ap-
plication of the law to include all
business corporations. Instead of
merely the public utility corporations,
I was in error."

COMPLETING WORK AT THE ROSSMORE

Remodelling Operations About
Finished and Many Fine
Improvements

The work of remodelling the Ross-
more hotel is now nearing comple-
tion. This week the hotel office was
moved from the Fourth street side
of the building to the new room front-
ing on Sycamore street.
On the ground floor there now re-
mains only one room yet to be fin-
ished, and that is being rushed to
completion as rapidly as possible.
This room fronts on Fourth street
and will be used for a cafe. The
walls and ceiling are being finished
in sheet steel and when completed
it will be one of the most business
rooms in the city. Up to the present
time a suitable tenant has not been
secured, though there has been a
number of applications. Landlord
Alexander is determined that none
but a thoroughly competent cafe
man will be considered, as he will
insist on it being conducted as a
strictly high class place. Mr. Alex-
ander considers this the best opening
for a first class cafe in Southern
California and the right man will be
given a mighty good chance to es-
tablish a very profitable business.

A new sanitary kitchen has been
built at the rear of the cafe room
and there is a large butler's pantry
between the kitchen and dining room.
There is also an entrance to the din-
ing room from the hotel office.

The planning of practically all of
the work of remodelling has been
done by Mine Host Alexander, and
nothing that would add to the con-
venience and comfort of guests and
tenants has been omitted. All the
bedrooms have been repapered and
the woodwork of bedrooms and hall-
ways have been painted and var-
nished. All the bedrooms have hot
and cold water lavatories, and a
number of the rooms are provided
with private bath. With the excep-
tion of the hallways all the work up-
stairs is now practically finished.

Convenient to the office are a num-
ber of large sample rooms, where
traveling salesmen can show their
goods to local merchants, and each
of these rooms can be reached from
the street without passing through
any other room.
There is still a considerable work
to be done on the exterior of the
building, which, when completed,
will add materially to its attractive-
ness.

We have just got in a new line of
rag rugs in small sizes and dainty
colors suitable for bedroom or bath-

NEW U.S. IMMIGRANT INSPECTOR ARRIVES

Frank McMahon Accompanied
by Newspaperman From
Lone Star State

Frank McMahon of Brawley has
come to Santa Ana to make his home
and incidentally to succeed Harry J.
Blee as United States immigration in-
spector. McMahon is accompanied by
his family and Mr. and Mrs. John War-
ren Hunter, parents of Mrs. McMahon.
Mr. Hunter is editor of Hunter's Mag-
azine of Texas History and also a
member of the editorial staff of the
San Angelo, Texas, Daily Standard.
He will make a protracted visit here.
"This is a grand country," said Ed-
itor Hunter to a Register reporter. "It
is quite a contrast to the section from
which we come, a semi-arid section.
We are delighted with the beauty of
our surroundings, and I expect to
avail myself of the splendid opportu-
nities offered here for some inter-
esting articles for our Texas publica-
tions."

**ALWAYS REGISTERS
ON SUCH OCCASIONS**

"Every time there is a new hotel
opening or change of any importance
made I always make it a point to re-
gister," remarked W. L. Grant, the
well known Santa Ana, as he met
Manager Alexander of the Rossmore
hotel a few days ago when the main
entrance of that popular house was
transferred to the Sycamore street
side of the building.

He was promptly provided with
pen and ink and after he had regis-
tered he was assigned to room No.
399, which is one of two more than
Mr. Alexander has in his house, but
the formality was gone through just
the same, and Mr. Grant had duly
registered.

Mr. Grant has been the owner of
a hotel at Waseca, Minn., for thirty-
five years.

YOU DO US TOO MUCH HONOR

Under the heading, Redlands Wants New Charter, the Riverside Press credits Santa Ana with having a "special charter." Not so. Santa Ana voted down the proposed special charter not, perhaps, because the people were opposed to a special charter, but because the one proposed did not meet with general approval. We quote the Press:

Redlands has started one of its periodic agitations in favor of a special city charter. That city is the largest in Southern California operating under the general state law governing municipalities of the sixth class—a class that was only intended to include the smaller cities. Riverside, San Bernardino, Pomona, Long Beach, Santa Monica, Santa Ana, Santa Barbara and San Diego have special city charters and Redlands is feeling the need of some of the larger municipal powers which those cities enjoy.

Some years ago Redlands framed a special charter and then voted it down, the prohibition clause in it being one of the rocks, on which it was wrecked. Ever since then there has been talk of "trying it again," and the movement may take definite shape this time.

HOLDING THE RIVERS IN LEASH

This newspaper has already remarked on how the prevailing floods are caused or aggravated by the interference of man with Nature. It remains to be asked what can be done to control these titanic forces?

It is the testimony of people living along the banks of almost any large river, that the floods grow worse and worse every year. Fields and roads once secure from freshest invasion are now gnawed away annually by the teeth of the angry tide. These are forces of ruin that must be harnessed.

Most rivers take their rise among hills and mountains. In the headwaters the slopes are more or less precipitous, and the water runs off quickly. This creates floods. In the lower levels, the land is more even, and water runs off slowly, making much less trouble. Control the headwaters with dams, and you have put the rivers in leash.

The estimated cost of a series of dams to control the entire Ohio river is \$125,000,000. Engineers say that the power thus made available will in due time sell for \$20 per horse power per year, and will pay five per cent interest on \$140,000,000.

The closing of the flood gates at the first freshest warning would not merely save millions of dollars worth of property, but it would assure the navigation of many streams now filled almost to their brims with the silt of the annual floods.

Even reactionary Russia seems to have more foresight in such matters than progressive America. Flood reservoirs in the Volga and Msta valleys have made these rivers navigable, have averted destroying torrents, and have caused decadent districts to become prosperous. Why not in the United States?

FLIMSY CONSTRUCTION AND TORNADOES

Disaster brings an aftermath of counsel. Following any calamity, the newspapers print guide books of How Not to Do It Next Time. The ghastly tornadoes at Omaha and elsewhere, however, seem so far beyond human control that there seems little to do but read, pity, and subscribe to the relief funds.

Still, with 1500 persons homeless at Omaha, with annual tornado losses running up into hundreds of thousands, and often into millions, this human problem is worth study.

Other things being equal, the worst tornado losses take place where the construction is the least substantial, though this did not happen to be the case at Omaha.

The restless haste of the American people, their slight valuation on permanency, has led to a veritable card-house construction of light wood buildings. After seeing the stone and brick cities of Europe, a typical American factory town seems to the tourist like a child's paper camp.

This does not mean that wood construction is to be abandoned. Our grandfathers built wood houses that would stand anything but the very teeth of the storm.

Paper and plaster cover a multitude of sins. When you build the framework of a house of material about heavy enough to hold up a slight

piazza roof, you must not merely expect that a tenement district will fall at the first breath of the hurricane. It will also burn like the farmer's heap of dry brush whenever a blaze starts.

People who erect flimsy houses should give much thought to the rapidity of their depreciation. If the life of a wooden shell is but fifty years, one ought to allow at least three per cent depreciation on the capital annually. This would more than pay the additional cost of solid wood construction, or even of brick or cement.

El Centro is to have a new \$150,000 hotel, to be named Barbara Worth, in honor of Harold Bell Wright, author of the book entitled The Winning of Barbara Worth—a book which has done much to advertise the Imperial Valley. And now comes the news that all telephone lines are to be put under ground at El Centro. The telephone company readily agreed to the arrangement and it is expected that the electric wires will also be ordered put in conduits. The desert city is certainly developing along the most approved municipal lines.

The development of Phoenix along the best civic lines is shown by the fact that a campaign has been started for a Y. M. C. A. building. The city recently dedicated a fine Y. M. C. A. building and now feels that it should make as generous provision for the women and girls who are away from home as it has for the young men and boys.

Editorial Edibles

Orange county looms up in the citrus fruit market like a great big globe of luscious lumination.

President Wilson's announcement that he goes to church to pray is apt to make a certain class of politicians sit up and wonder.

Santa Ana has a school teacher who has discovered that even if twice eleven did make twenty, twice ten would come to the rescue by making twenty, too.

Clean up! It isn't really necessary to wait until Saturday night to take a bath.

A New Jersey minister deplores the modern tendency toward fast living and he wonders how it can be stopped. He might try turning the clock back a few hours every day so as to stretch the time.

Virtue is its own reward, but vice is a most exacting collector.

It may be announced with a certain degree of finality that the successful candidate for appointment as minister to Dehorney is apt to have a shade on any white candidate.

Since the postmaster at Orange has lost his touring car, following a visit from thieves, perhaps the Democratic job chasers will now come to the front with the suggestion that he auto go to.

HOUSEKEEPING HINTS

To Piece Out
If you find that your blankets have shrunk during the process of laundering, and are too short for the bed, they may be pieced out at the foot with heavy unbleached muslin. This will answer to tuck beneath the mattress and will in no wise detract from the warmth or comfort of the blankets.

Children's Surprise
At a recent party given for little ones at the beach, a sand pile was used as a surprise "shower." Many small toys, such as sand shovels, rubber dolls and wee buckets were hidden in the sand, and the children were told to dig for them. They entered upon the novel "mining" with great glee and each "find" was hailed with shouts of happiness.

Expense Books
The really good housekeeper—the one who never neglects anything which she should do, keeps accurate accounts of all expenditures. This may seem a task, but when she becomes accustomed to it, the satisfaction will more than overbalance the trouble. I saw, in a Broadway store, expense books especially arranged for housekeepers and costing but a few cents.

THE WHITE CITY

May it not be that we at last shall win That place long sought whose towers we both have seen? Can we forget, who oft have near it been, That ever music sounds above life's din!

For now there beats a melody within Each moment, and white visions intervene Where earth's dull clouds unfurl their misty screen.

It lies so near that often in the dawn, Or when the stars first show their silver fire, We seem on old lost ways we once have trod; Upon the grass a light no more withdrawn, Upon the wind a song time cannot tire, And in our hearts the very voice of God.

THE GILA MONSTER.

Repulsive In Looks, It Is Really a Harmless Creature.

Probably there is no other living creature more feared by the ignorant than the Gila monster, about which all manner of weird tales have been told. It has even been held that the mere breath of this animal is sufficient to cause death to the one upon whom it fell. Scientific inquiry, however, fails to disclose a single instance wherein the breath or even the bite of this creature has resulted fatally. The fact that dissection and microscopic examination do not reveal any trace of glands for the secretion of venom is sufficient evidence to indicate that this curious member of the lizard family has been slandered.

Some years ago a civil engineer in the southwest undertook to settle once for all the question whether "the monster" was deadly or not. A fine specimen was captured and confined in a wire inclosure. A chicken was obtained, and its feathers were removed in order that the lizard might have every opportunity to strike at the breast. The chicken was then held quite close to the Gila monster, which soon snapped viciously and secured a firm hold on the fowl's breast, retaining this grip for more than ten minutes. When the victim was released it was found that the chicken's breastbone had been broken. Nevertheless the fowl quickly recovered, the bone knitting and the wound healing with no symptoms of poisoning.

It is very probable that the reputation for evil borne by the Gila monster is due simply and solely to its most repulsive appearance.—Harper's Weekly.

THE UBIQUITOUS SEA LION.

He Strayed a Long Way From Home Before He Was Killed.

The following story is taken from the American Magazine:

"Sunday is a dull day, and the city editors had a habit of detailing men to go to the zoological gardens and get animal stories for Monday morning. The reporters got together one Sunday morning and persuaded the head animal keeper to let them publish a fake story. It was rather commonplace, concerning the alleged escape of a nonexistent sea lion from the pool to open water.

"Fake," said the managing editor as he read the story. 'Let's make it a good one.'

"Thereupon he sent telegrams to every country correspondent on that water or its tributaries, merely inquiring if anything had been seen of the escaped sea lion. The response was appalling. The correspondents needed only the hint. That day the sea lion was seen by at least twenty correspondents, and Berghand printed all the reports one after another. Thus spurred, the correspondents went to it in earnest. The following day the sea lion was reported at every point within 200 miles. The story spread like ripples on water. In five days the lion was sighted over half the world, and an enthusiast at Southampton cabled that he was heading toward the north sea. Then a chief correspondent up on Lake Superior killed him and wired that he was sending the skin as proof. I always suspected that the managing editor did it himself."

A Fine Sense of Feeling.

One of two dandies who run a boot-black "parlor" in partnership was bragging of his well developed sense of touch, particularly in the matter of money. He boasted that he could tell the denomination of any United States coin merely by feeling it. His partner, wearied of these boasts and came back with this:

"Your sense of feelin' ain't nothin' to my friend Marcus. Him and me used to work on the Pullman down through Kansas. Marcus had been on this route for about ten years. One night when we was both asleep, long around midnight, I wakes up and I shakes Marcus and I says, 'Marcus, where are we?' And Marcus jest rolls over and sticks his hand out the window and he says, 'We're goin' through Oswego.'—Everybody's."

Writing on a Pillow.

Every one who has had occasion to write while riding in a railway train will be interested in the fact that the disagreeable effects of the jarring of the carriage are greatly mitigated by writing on a pillow. The pillow may be either held on the lap or placed on a table. The pad of paper and the arm which guides the pen or pencil should both rest on the pillow.

In this manner it will be found possible to write legibly and with comfort in a train flying at full speed.—London Answers.

Poor Mamma.

The Deaf Child—Oh, Mrs. Bloom, when did you get back? Mrs. Bloom—Bless you, dear, I was not away anywhere. What made you think so? The Deaf Child—I thought you were. I heard my mamma say that you were at loggerheads with your husband for over a week.

PERILS AMONG FALSE BRETHREN

St. Paul's Experiences Duplicate the Master's.

Jesus' Footstep Followers Wounded in the House of Their Friends—The Philosophy of the Matter—How to Receive Such Experiences—Why They Are Permitted—The Results They Serve—Special Perils Today.

PASTOR RUSSELL

Corinthians 11:26.) He said:

St. Paul was fully devoted to the Master and His cause. His faithfulness brought many trying experiences. He served Christ to such an extent that many counted him a fool. Those who opposed his teachings often raised a tumult and blamed him for it. In order to bring him into disrepute.

Nevertheless, he rejoiced in all such experiences. None of these things moved him from faithfulness to his Master, whose servants he had persecuted before his eyes were opened. He recounts various perils from robbers, from Jews, from heathen, in the city, in the wilderness, on the sea. He winds up the list with the words of our text, "perils among false brethren."

The question arises, "Were these sufferings deserved?" Surely not! St. Paul was a noble character and bore the Message of God's grace in Christ. Then comes the question, "If his sufferings were not punishments, what were they?" We reply that, like the Master's, they were evidences of loyalty to God and of the darkness of the world, which led men to persecute him.

Darkness Hates the Light.

The Master declared that He stood for the principles of light, righteousness, truth; while Satan stands for darkness, blindness, superstition. All children of the light must be uncompromising in attitude toward wrong. Therefore the world hates them and says all manner of evil against them falsely. Yea, men will feel that they serve God when they slay the righteous, whether literally, as with Jesus and St. Paul, or by "shooting out arrows, even bitter words," the more popular present-day method.

But some will say, "Times have changed! Today our ministers are revered. No one thinks of persecuting them. All men speak well of them. Those not spoken well of today must in some way be unworthy."

How strange that we should forget! In Jesus' day did any traduce the chief priests and Pharisees? Were they not spoken of highly and revered? But the Master and His disciples were not popular. According to their own record they were styled "the filth and off-scouring of the earth." The Master said that whoever persecuted them would feel that he did God service. As Jesus told some in His day, "Ye garnish the sepulchres of those whom your fathers slew, yet ye do their works." So today many extol the Lord and the Apostles and denounce their persecutors, while similarly they persecute.

The Master was a Jew. The Jews were His brethren according to the flesh. Yet they hated Him without a cause, persecuted Him and finally crucified Him. But St. Paul lived after Pentecost, and had Christian brethren, begotten of the Holy Spirit, fellow-members of the Body of Christ. Jesus had none such. "Of the people there were none who with Him."

St. Paul knew the bitterness of persecution from false brethren—the climax of all his perils. We may be sure that such experiences were most difficult to bear, for they came from brethren of the closest possible relationship—fellow-members of the body of Christ.

The Godly Suffer Persecution.

All faithful followers of Jesus have persecutions. These come from every quarter; but none are more cruel than those from Christian brethren. Disputes between Christians have been very bitter. History demonstrates this fact. Heretic became the most obnoxious word in the dictionary. Nothing was too bad to do against a heretic.

Thank God for the advancement made in Christian sympathy! No longer can civilized people take pleasure in tortures, burnings, etc. The general sentiment no longer appreciates or tolerates physical torture. But who can dispute that mental torture is equally severe? In our day there are more refined ways of persecuting, torturing, etc., open to false brethren.

Evil-speaking, evil-slandering, slanders, ambiguous suggestions, etc., can be applied to the followers of Jesus today. All who take such a course are sharers with malefactors, even though they do not indulge in physical torture.

What shall we say of the false brethren who do such things? Undoubtedly the Master still agrees with St. John's declaration, "Whosoever hateth his brother is a murderer and ye know that no murderer hath eternal life." (1 John 3:15.) Surely none with a murderous condition of heart could be suitable for joint-heirship with our Lord in His Kingdom!

ARTISTIC DINNER

Decorations and Appointments of Dinner Party at Collins Home Much Admired

The guests at the dainty dinner given last evening by Mrs. Addie Collins and her son, Ralph Collins, were enthusiastic in their admiration of the really artistic effects achieved in the decorative motif of green, and the pretty table appointments. Maiden-hair ferns and snail with candelabra shaded with the prevailing tint carried out the dominant green motif and blended with the exquisite hand-painted china and cut glass. The green color scheme was carried through the seven courses of the dinner wherever possible, being particularly effective in the salads and desserts.

Covers were laid for Mr. and Mrs. E. B. Burns, Mr. and Mrs. H. C. Dawes, Mr. and Mrs. C. S. Kendall, Mr. and Mrs. C. M. Jordan and the host and hostess. At the close of the dinner the guest book which is one of the popular features of the modern dinner party, was passed for the autographs of the guests.

Following the charming dinner the evening was devoted to flinch and whist with animated conversation as a pleasant accompaniment to the enjoyable games.

April First Social

Oak Camp of the Modern Woodmen of America had another one of the camp's pleasant socials Tuesday evening when the members, their families and invited friends to the number of about one hundred enjoyed a pleasant evening. A short musical program was rendered at the opening, after which dancing and cards were enjoyed.

Refreshments of ice cream and home-made cake were served during the evening. Departure at a late hour, all declaring the event to have been the best April first social yet held.

Veteran Rebekahs

The Veteran Rebekahs will meet with Miss Maude Powers on Friday afternoon, April 4. The meetings of this association are famous for good fellowship and are looked forward to with the keenest of anticipation by the members.

Woman's Committee

The Woman's Committee will meet at K. of P. Hall Thursday, April 3, at 2:30 p.m. After the business session a synopsis of Brien's play, "Damaged Goods," will be given. Ladies are cordially invited. A cafeteria supper will be served from 7 to 7:30 p.m. An entertainment consisting of music, orations and recitations will be given.

To Make Final Plans

A called meeting of the Woman's Missionary Society of the First Christian Church will be held tomorrow night at seven o'clock sharp in the church to make final plans for the coming convention to be held here. All members are urged to be present.

Scholastic Honors

Pomona College in accordance with its custom of recognizing meritorious work by its pupils by publishing at the close of semester a list of students receiving scholastic honors, has issued the spring recognition.

Miss Edna Anne Beatty, a Santa Ana High School graduate and the daughter of Mr. and Mrs. John Beatty, is on the departmental honor list, having achieved AA marking in French.

Miss Catherine Smiley of the Santa Ana High School wins departmental or AA honor in English. Miss Smiley is the daughter of Mr. and Mrs. J. A. Smiley of West Orange.

Miss Nina Harbour of the Orange High School carries off a general honor or mark, a grade of AA, or A in all courses pursued; also departmental honor in French.

A Chicken Dinner

Mr. and Mrs. George W. Young were host and hostess at a chicken dinner last evening. The affair was in the nature of a farewell to Mr. and Mrs. Charles Waffle, who leave town soon for residence on the E. D. Waffle citrus fruit ranch on Lemon Heights.

The dinner, elegantly prepared, was

QUALITIES OF A NOBLE WOMAN ARE DEFINITE

Dr. Frank Crane of Chicago thus defines a "Noble Woman" in the Woman's World:

A noble woman does not descend to sarcasm, hints, innuendos nor any speeches of covered poison.

She unconsciously tries to render herself agreeable to whomsoever she is with.

She is polite to her own children.

She never makes a weapon of her power to be disagreeable in order to gain her own way.

She is low voiced.

She never dresses conspicuously.

She never reads the letters of other people, nor repeats what she has heard of other people's affairs.

She is true to her convictions, first in her self-respect, faithful and unchanging in her love, gentle in her manner, unobtrusive in her relations to others, and the more intimate one becomes with her the more one esteems her.

In a word, the false aristocrats are they among whom familiarity breeds contempt; the aristocrats of the spirit are they who, the nearer you come to them, and the more closely you know them, the more highly you hold them.

attractively served with all the accessories of such a feast. The evening succeeding the dinner was spent with cards.

Besides the host and hostess there were present Mr. and Mrs. G. P. Campbell and little daughter; Mr. and Mrs. Chas. Waffle and little son; Mr. and Mrs. Horace Jones and children.

"April Fool" Afternoon

Yesterday afternoon at the home of Mrs. W. D. Barker on South Broadway, fifteen ladies gathered who had been invited for needlework by the hostess, but who, soon after they arrived were presented with conundrum lists, for the solving of which the ladies set their wits at work.

Mrs. Barker was given the prize for the most brilliant guessing. The conundrum diversion was followed by "April Fool" fortune telling, in which the hostess was assisted by Mrs. Emory Ratcliffe.

Before the ladies were all able to have their fortunes told, the refreshment hour rolled around and the guests were invited to the dining room, where they found their places by means of combination place cards and deceptive menus. "Nuts to crack" formed the basis for jolly table conversation during the delicious three course collation served by Mrs. Barker, assisted by Mrs. Frank Logan Norton. Artistic centerpieces of roses formed the table decorations.

The guest list included Mesdames H. H. Reeves, Geo. Balderston, John Runyon, Robert E. Coulter, Robert Dickinson, Frank L. Norton, U. D. Palmer, M. L. Palmer, Emory Ratcliffe, Ralph Mead, W. S. Peck, P. L. Tople, George Whidden, Taylor Tidball, Frank Mills, John Cochran.

H. S. Parent-Teacher's Association

The Parent-Teacher's Association will meet in room 11 of the high school building Thursday afternoon, April 3, at 3:30 o'clock.

The increase in attendance at these meetings attests to the growing interest the Santa Ana people are taking in our high school. Thursday's meeting will be of vital interest to every parent, and each father and mother is urged to attend and take part in the discussion.

The following program will be given:

Musie—Boy's Quartette.

"Picnicking on School Time. Its Effect Upon the Home, School and Finances"—Mr. E. E. Keech.

Musie—Girls' String Quartette.

"Individual Responsibility of Parent and Pupil"—Mrs. T. P. Jayne.

Question Box.

Discussion.

"To What Extent Shall Credit Be Given for Work Done Outside of the Regular School Hours; as Art, Music, Manual Training."—Miss Grace Petro.

Refreshments will be served.

DELIGHTFUL AFFAIR

White and Violet Luncheon Given Today at the Mills-Winbigler Home

The third in the series of interesting social functions being given by Mrs. I. D. Mills and her daughter, Mrs. Theo. A. Winbigler, took place today and was equally as charming as the two preceding it. The affair was a white and violet luncheon, the various tables being adorned with vases of fragrant violets and maidenhair fern.

The crystal candelabra surmounted by candles of white and tied with tulle ribbon bows in which violets were caught, and nut cups of white and violet aided in the color scheme. The white napery contrasted prettily with bands of violet paper crepe and violets and the white-place cards bore a violet design.

The afternoon was spent most happily in various social diversions that caused the hours to fly swiftly away, music and conversation adding their attraction.

The list of invited guests included the following ladies: Madame Randall, Madame Wehrly, Mesdames W. O. Breeden, Henry Diers, A. L. Tomblin, Sr., Frank Ry, P. L. Tople, C. F. Crose, J. A. Finley, Verne Whitson, J. H. Rankin, C. C. Rowland, Annie Gale, Maude Bowes, C. E. Rudbeck, J. S. Wasser, H. S. Gordon, G. W. Whidden, M. F. Heathman, Max Reinhaus, M. A. Monce, W. S. Peck, Stallcup, Halstead, Frank True, J. A. Stevenson, C. E. Lamme, J. H. Martin, Emma Benedict, Abe Roberts, R. T. Harris, C. S. Forgy, W. F. Lutz, W. H. Thomas; Misses Teresa and Pauline Reinhaus.

At Spurgeon School

The Parent-Teacher's Association of Spurgeon school held an interesting meeting on Tuesday afternoon, the principal feature being a practical talk from Prof. McMath on "The Savings Bank in the Public Schools."

He explained the system used at Berkeley, also two other systems. The May meeting of the association will be an evening meeting.

Following is the outline for the entertainment:

"The Deceitful Skule," that the members of the association will present on Friday night of this week in the auditorium of the school.

Evening of Whist

The Billy Club entertained their husbands last evening with whist at the home of Mr. and Mrs. Flake Smith on Barton street. The house was artistically decorated with baskets of violets.

Ray Wilson and Joe Babbitt cut for first prize, Mr. Wilson winning. Jesse Elliott and Hugh Hill cut for consolation, Mr. Elliott being the winner. Ladies' first prize was awarded to Mrs. Flake Smith, and Mrs. Clarence Tedford won the consolation.

After the games a delightful two-course collation was served.

Those present were Messrs. and Mesdames Flake Smith, Chester Nuckolls, Jesse Elliott, Clarence Tedford, Gay McDonough, Joe Babbitt, Ray Wilson. Guests of the club were Mr. and Mrs. Hugh Hill and Will Vaughn of Los Angeles.

Small Dinner Party

Mrs. E. F. Nimmo delightfully entertained yesterday with a small one o'clock dinner, a trio of ladies being her guests at the spread of delectable viands. Pink roses nodded in beauty from a cut glass bowl on a mirror plateau in the center from the table, and bloomed in vases throughout the pretty rooms.

Mrs. J. C. Stearns, Mrs. Ellis Smith

and Mrs. Charles Artz were Mrs. Nimmo's guests and after the dinner the quartette of ladies spent the swiftly passing hours in needlework and conversation.

Off On Long Auto Trip

Dr. and Mrs. H. S. Gordon and son Howard will leave tomorrow morning on an extended automobile trip to Kansas City, making the journey in their Maxwell automobile which has been comfortably prepared for the long drive. "Camping out" will be a particular feature of this delightful outing which will not be ended till the big car drives into Santa Ana about July 1.

The objective point of the overland journey is Kansas City, and on the return trip the Gordons will do considerable mountaineering, returning via Colorado, where is some of the most glorious mountain scenery to be found in the world. While at Kansas City, which is Dr. Gordon's old home, they will visit with his son and others dear to them. On their return they will stop at Atchison, Kansas, where Mrs. Gordon has a sister, and also stop at other Kansas points before going into Colorado. Their Colorado itinerary will include visits to Denver, Colorado Springs, Pueblo and such beauty spots of the scenic state as may lure their fancy.

They take with them the good wishes of their friends for a glorious trip and a safe return.

Out of Town

Miss Neddie Hill went to Alhambra today to be a guest at a luncheon given by Miss Margaret Lord, a former Redlands University girl.

Miss Lucy Hill and Miss Esther Hedstrom, the latter a house guest at the Hill home, were invited to attend the luncheon, but they are spending a few days at the Madame Modjeska ranch, where they hope to catch some trout before their return.

Foiled the Hostess

The sewing club of which Mrs. Dora Jasper is a member surprised her yesterday, the occasion being her birthday. As it was "April Fools' day," many jolly little jokes were perpetrated, the honoree, for instance, being induced to eat some cotton bolls. When refreshments were served the fine appearing birthday cake adorned with candles proved to be a frosted cake pan turned upside down. Real cake and punch were served, however, by the surprisers.

Jokes and funny stories and merry conversation whiled the time away very happily.

Those present besides Mrs. Jasper were Mesdames Alderman, Galbraith, Fischer, Spangler, Elm, Fowler, Godwin, Curtis, Schme, Rudolph, Becker, Allen, Squires, Peters, Mrs. Lovegreen, Lesra Peters, Katherine Jasper.

Christian Endeavor Social

The Young People of the Christian Endeavor Societies of the United Presbyterian church had a successful social at the John McFadden home on North Main street last night. The evening was passed enjoyably with games and refreshments of brick ice cream and cake were served. About forty young people participated in the good time.

Emma Sansom Chapter

A meeting of the Emma Sansom chapter will be held tomorrow afternoon at 2 o'clock with Mrs. J. A. Willson, 15 make plans for the reception to be given for the state president, Mrs. Dunlap, who will visit the chapter in two weeks.

Music and the Drama

THE ROSE MAIDEN

Choral Society Under Directorship of Alan A. Revill Wins Musical Success

The pretty cantata "The Rose Maiden" last night delighted the large and enthusiastic audience that filled Elks Hall. The spacious auditorium had been made a veritable bower of spring time by the use of sweet blossoms and feathery greenery artistically banded as a setting for the singers and their story in song.

The singers were the members of the Santa Ana Choral Society, with Alan A. Revill as director and Mrs. Arnold Peck as accompanist.

The story of the Rose Maiden was adapted from a German poem by R. E. Francillon, with music by Frederic H. Cowen. In brief the story is that of the Queen of the Flower Fairies, who, weary of a life of unbroken calm, prays of the newly returned Spring that he will bestow upon her also the gift of love that he bestows upon man. He warns her of the risk she runs, but finally yields to her entreaties by changing her while she sleeps into the form of a beautiful girl.

Under the name of Roseblossom she wanders through the world to find the love she seeks, and meets with a girl who, having been betrayed and deserted by her lover, loses her senses and dies broken hearted. But, undeterred from her search, Roseblossom becomes the wife of a forester, with whom she lives for a time in such perfect happiness that she cannot survive his death. The elves bewail the fate of their Queen, and curse love as fatal to peace and happiness.

The Choral Society has a well-balanced chorus, being made up of a group of singers whose voices blend well. The chorus work of last night reflected credit upon both director and singers. The lovely chorus, "Tis thy Wedding Morning," was a favorite with the audience while "Farewell, Sleep Thou Lightly" was rendered with some pretty shade effects, and "Yea, 'E'en as Die the Roses" best showed the volume of the chorus.

The solo work of Miss Helen Tappe, soprano of Los Angeles, contributed much to the success of the affair. With her pleasing voice and generous spirit in her work, each number delighted, especially "Bloom On, My Roses."

Mrs. Carl Strock, alto, has a voice of rich quality and her solos, "Ask of Von Ruined Castle," and "Yet Chime They So Sadly," introduced her to the audience in a winning way. She was enthusiastically encored for her excellent work.

R. Raymond Miles is already well and favorably known in his tenor work. The range and quality of his sweet voice was best shown in "Far From the Summer Blossom."

Maurice C. Phillips' splendid bass voice and genial countenance make him always an acceptable performer. The house was thrilled with his "Where the Gloomy Pine Trees Rustle" as the rich tones rolled out and the strength of the man gave assurance in his work.

During the entire performance Mrs. Arnold Peck accompanied. Her work was most acceptable and unfailing to the last note.

The personnel of the chorus is as follows: Sopranos: Mrs. Lloyd Babbitt, Miss Amy Bent, Miss Covington, Miss Larue Fipps, Mrs. Lloyd Messier, Miss Blanche Minter, Miss Faith Shaw, Miss Marie Snure, Mrs. Paul G. Stevens, Miss Helen Tappe, Miss Anna Witt. Altos: Miss Cecilia Graham, Miss Louise Grouard, Miss Mayme Havens, Miss Ruth Larsen, Mrs. Carl G. Strock, Miss Grace Petro. Tenors: Mr. Lloyd Babbitt, Mr. Fred H. Eley, Mr. R. Raymond Miles, Mr. Geo. L. Owens, Mr. Monte Ramsey, Mr. Fred C. Rowland, Basses: Mr. Jesse Albright, Mrs. W. F. Palmer.

40-CENT MIRROR LOSES SELLER JUST \$59

Lesson in Rapid Financing and
Exchange Given to Chicago
Business Man

CHICAGO, April 2.—A. F. Taylor, an upholsterer who finished his study of arithmetic in school years ago, took another lesson. It was not voluntary. Neither was it profitable.

Two young men drove up in an automobile and priced a mirror back of the counter. They found it cost 40 cents, and one tossed over a \$20 bill with apologies. Taylor assured him no apologies were necessary, and counted him out \$18.60. Then he discovered his mistake and started back for another dollar.

"Never mind," said the second customer. "Here's a five; give me four."

Taylor did. That put him \$2 ahead and he ought to have quit, but he didn't.

The first suddenly found 40 cents in a vest pocket and handed that over, asking for his \$20 bill back. While the upholsterer was trying to figure out where that left him, No. 2 asked for two fives in exchange for a ten, then two tens in exchange for a five, then—

But that's as far as Taylor remembers.

When the unhappy upholsterer recovered he found he was out \$59 and a 40-cent mirror. He is seeing mir-

MORGAN REMAINS ON HOMEWARD WAY

Special Train Left For Havre
Today; Report That Morgan
Died of Cancer

ROME, April 2.—Without awaiting the French government's permission, J. Pierpont Morgan's body, on a special train, was today started for Havre in charge of his son-in-law, Herbert Satterlee. Satterlee is trusting to the American ambassadors at Rome and Paris to untangle the red tape in the matter.

Before the body left the Grand hotel the German ambassador, acting on the Kaiser's orders, deposited a huge wreath on the casket. A special guard of thirty soldiers and thirty patrolmen escorted the casket to the station.

RUMORED THAT MORGAN'S DEATH WAS FROM CANCER

ROME, April 2.—Doctors have made a post-mortem examination of J. Pierpont Morgan's body, but the result has not been made public. Information was given by one of the attendants of the Italian embalmer, Joseph Funari, that the medical men found that the financier was afflicted with cancer of the stomach. This had not been suspected by the physicians who diagnosed the trouble as exhaustion of the brain, while as a matter of fact the extreme weakness and other symptoms of the illness resulted from the cancer.

Unfailing Kindness

An instance of the unfailing politeness of the Japanese was shown recently in a touching way, as I heard the story, says Olive Gray in the Los Angeles Times. In one of the high-class ladies' furnishing houses on Broadway, the little child of one of the Japanese elevator operators passed away and the girls in the business office showed their sympathy by sending flowers to his house. The very next day, they each received a finely written and well-expressed letter of thanks for their kindness. How few Americans long enough forget their grief to think of thanking those friends who have remembered them in their sorrow. Eventually, they may express themselves, but not at once, certainly. I think we may take many lessons in genuine politeness from the stranger within our gates.

BIG SAVING FOR CITRUS FRUIT GROWERS

Orange County Orchardists Are Pleased With Commerce Court Decision

LATEST ESTIMATE OF TOTAL CROP SAVED

Ontario Growers Interested in New Separating Machine Now on Trial

Orange county citrus fruit growers are as well pleased as the growers of any other section of the citrus fruit belt over the decision of the Commerce Court at Washington in upholding the action of the Interstate Commerce Commission, which ordered a reduction in the charge of refrigerating citrus fruit from \$30 to \$7.50 where the fruit is pre-cooled and pre-iced by the shippers.

It is estimated that there will be a saving of \$20 a car or about \$20,000 to \$30,000 annually to California citrus fruit growers as the result of this decision. The saving ranges from \$20 a car to Missouri river points to \$7.50 where shipments are destined to Boston. The greatest benefit, it is said by fruit shippers, will arise from the fact that pre-cooled and pre-iced shipments arrive at their destinations in better condition than when shipped in ice.

The railway companies against which the case was brought are the Santa Fe, the Salt Lake and the Southern Pacific and they still have the privilege of appealing to the supreme court of the United States.

That the estimate of G. Harold Powell, manager of the California Citrus Growers' Exchange, that \$15,000,000 worth of California's \$50,000,000 citrus crop will be saved to the ranchers, seems warranted by the result of the work done by the separator recently installed in the large packing-house of the Ontario Citrus Fruit Association.

Secretary K. D. Blaikie has had the machine in operation for several days and its work of eliminating the frost from the unfrosted fruit has proven satisfactory. Fruit is dumped into a tramway of troughs and gradually rolled to the end of a water bath, where it drops into a water bath. The sound, juicy fruit, being heavier, sinks, while the frosted and lighter fruit floats on the surface and is passed out among the culls, the good fruit going into another channel. While the machine is not absolutely infallible the results obtained have proven satisfactory.

It is now estimated that Ontario ranchers probably will be able to

market in the neighborhood of 50 per cent of their fruit. Fruit from orchards which were systematically smudged, put through the separator, has shown up as high as 75 per cent unfrosted.

From four to eight carloads of the golden fruit are now going out of Ontario to eastern points daily. Indications at present point to a bumper crop for next year, and with improved facilities for fighting the frost will doubtless work far less havoc, even though the unusual coldness of the present year should be repeated.

The McPherson Heights Citrus Association is holding a meeting today at the packing house at Orange. The regular business is being transacted.

The Tustin Lemon Association is engaged in packing lemons in McPherson at present. The McPherson Heights house is being prepared for activities which will be started within a few days.

UNITE RELIGION AND EDUCATION

Steps For Such Identification to Be Theme at Religious Education Convention

LOS ANGELES, April 2.—The Pacific coast convention of the Religious Education Association will open at the First Baptist church, Flower street, near Eighth, at 7:30 o'clock tomorrow evening, and will last three days. Seven sessions will be held in the days and evenings, and each one is intended to point out some particular step in what the association regards as an essential—the better identification of the interests of the schools with those of the church and vice-versa.

In order that this unification may be brought strongly to the fore the list of speakers has been chosen with an eye to an equal representation of both mental and moral development. Among them are Dr. Henry F. Cope of Chicago, general secretary of the association; Bishop Bell, Prof. C. E. Rugh of the University of California, Dr. H. A. Dowling, Dr. Thomas Newlin, Mark Keppel, Superintendent Francis, Bishop Johnson, Judge Wilbur, Edward Hyatt, state superintendent of public instruction; Dean MacCormack and many others.

The program for the first session, Thursday evening, follows:

W. M. Bell, D. D., bishop United Brethren church, Los Angeles, presiding.

At 7:30 o'clock p.m.—Business; chairman's address; address, "The Call for Religious Education," Dr. Henry F. Cope, Chicago, general secretary R.E.A.; address, "The Interest of the State in Religious Education," Edward L. Hardy, president State Normal School, San Diego.

TOURISTS TAKING INTEREST IN SANTA ANA

Daily Crowds Making Inquiries Concerning Resources of This Section

ORANGE COUNTY IS MUCH IN EVIDENCE

Visitors From States Where the Recent Floods Wrought Such Disaster

A noticeable fact in connection with the tourists who are daily crowding the splendid Orange county exhibit rooms at the headquarters of the Santa Ana Chamber of Commerce, is the evident interest that is manifested in Santa Ana and the surrounding country. It frequently appears as if the interrogations were backed by previous inquiry and study, with the result that a visit has been made for the purpose of probing deeper into the matter.

"We find a very intelligent interest shown by most of our visitors," said Secretary Metzger today. "This has been more noticeable of late than in the past. Orange county generally is undoubtedly receiving more real attention from home-seekers and investors than ever before. This interest is strongly centered in Santa Ana, but by no means altogether so. In fact every section of the county comes in for inquiry. We answer questions every day about practically every section from the ocean beaches to the furthestmost northern parts of the county. And we are glad to do it—glad to have so many people come here that we can answer."

Another noticeable feature of the tourist visits lately is the pronounced increase in the number of persons from the eastern states that have been so recently visited by such disastrous floods and other catastrophes. All these folks had left home before the floods and fire had stricken their home places or the home places of their friends, and they have had opportunity to realize what the superb climate of California really means in comparison with the "back east" product.

Among recent visitors who registered at the Chamber of Commerce rooms were Mr. and Mrs. L. A. Wichter, Columbus, O.; W. D. Wade, LaMont, Mo.; L. E. Spencer, Caldwell, Ida.; Lucy Tyrrell, Los Angeles; I. J. Dash, Broadview, Canada; Mrs. George G. Nicol, Albuquerque, N. M.; Mrs. S. J. Harlan, Peru, Ind.; Mr. and Mrs. W. H. Lettler and Mrs. W. E. ARE ASKING FOR COMPENSATION RAISE

Supervisors Want Maximum Compensation \$1800 Instead of \$1100 as Now

LETTER WRITTEN TO STATE SENATOR

Asserted that Pay at Present is Far Too Little for the Work and Time

Yesterday afternoon a letter addressed to State Senator Anderson was signed by the five members of the Board of Supervisors, asking that the county salaries bill provide additional compensation for members of the board hereafter elected.

The letter stated clearly that the request is made for the benefit of the supervisors who may hereafter be elected. It states that the present compensation is not fair, in that the expenses of holding the office are such that a supervisor gets little for his time and work. At present the law allows each supervisor \$500 per year with \$4 per day additional for road supervision, not to exceed 150 days a year. By that schedule the supervisor can receive not over \$1100 per year. Supervisor Smith, who has no county roads in his district, gets his salary, \$500, only.

"After making it plain that the five signers of the letter make the statement in order to show that their successors should be given additional compensation, the letter states that it is the belief of the present supervisors that the county ought to pay \$600 a year salary with \$8 a day additional for road work, not to allow for over 150 days per year. That would put the maximum compensation at \$1800.

It is argued in favor of the stand taken by the supervisors that \$4 a day is not sufficient pay for a man's time and the use of his automobile. With the large amount of roads to be gone over an automobile is indispensable.

"It is all very well to hold a public office," said one of the supervisors today, "but it is asking too much of a public official to give as much time as we are compelled to give to do our work properly for the compensation allowed. Personally, I have to hustle to earn a living, and some of the money I earn helps to make up what I am out by reason of being a supervisor of Orange county. I may never hold this office again, and it is not for myself that I signed the letter we have written to our state senator. It is for the next man. I do not think we ought to ask any public official to serve for nothing. The compensation allowed an Orange county supervisor is far below that allowed in Riverside and Imperial counties."

The members of the Fraternal Union, especially the old members, are urgently requested to be present at the meeting Tuesday evening, April 1. There will be state delegates here and important business is to be transacted.

LOS ANGELES PURCHASES SIX ACRES IN ORANGE

ORANGE, April 2.—The six-acre ranch belonging to S. P. Robb in the Villa Park district has been sold to Mr. and Mrs. J. C. Lucas of Los Angeles, former residents of this city. The deal was reported this morning by the L. W. Hemphill Realty company, which acted as agents. The Lucas family has lived in Los Angeles for several months, but have owned property on North Batavia street, though they moved away from Orange. They expect to return to this city before long. The Robb ranch will be occupied by their son, who recently arrived from the east.

WOMEN DISPLACE ELEVATOR MEN IN TACOMA BUILDING

TACOMA, Wn., April 2.—With the discharge of all the men elevator operators and janitors and the employment of girls and women for this work, the National Realty building today inaugurated a new system and opened another vocation to the women which heretofore has been held to be exclusively male.

Four women, all married, operated the elevators today. All the men janitors were missing and in their stead women and girls were to be found working around the corridors of the sixteen-story building.

The women are under the personal supervision of Mrs. Ada Sykes, who holds the title of matron, and who takes the place of a "housekeeper" in any other kind of an establishment.

NOTICE TO THE PUBLIC

—The firm of Liebig & Johnson, furniture dealers, have sold their business located at 214-216 East Fourth street to Asa Dickey who will continue the business along the same lines as heretofore. The former owners take this opportunity of thanking the public for the liberal patronage given them in the past and hope their successor may receive a continuance of the same.

All bills due the firm should be paid at the address below.

Noted German Specialist

Will Again Visit Santa Ana

DR. EDWIN RAYMOND.

Of unusual interest to the sick and afflicted is the announcement that Dr. Edwin Raymond, the German Medical Specialist, will again visit Santa Ana. He comes tomorrow, Thursday the 3rd to the Allerton Hotel for the one day, where he expects to consult with many who were unable to see him during his last visit on account of the great number of people who held his attention throughout the day and when he consulted with a great number of sick and afflicted people.

This noted specialist of chronic diseases has been wonderfully successful and is rapidly becoming famous for his cures. Sick people cannot afford to miss the opportunity of consulting with him. He has brought the sunshine of health and happiness into hundreds of homes that had long known the shadow of sickness and disease. Few diseases baffle his remarkable skill. If he accepts your case for treatment, it is a sign that there is still hope for a recovery of your health and that he has every reason to believe that you will be speedily restored to strength and health. He characterizes all others as promptly rejected as incurable. Thus, no failures mar his reputation when his directions are carefully carried out. That he is able to cure when cases have been given up as incurable by numerous other physicians has been shown in testimonial after testimonial from people in good standing in their community, from the ministry and the press—from physicians, themselves, that he has restored to health time and time again and who now speak in highest praise of his wonderful skill, his expert knowledge of anatomy and diagnosis and his safe, certain method of cure.

Rheumatism—Have you ever suffered from Rheumatism—that very common foe to mankind? If so, you know the extreme torture of pain, the terrible crippled condition that neglect or improper doctoring until you found something that afforded relief and when the pains left you—you thought you were cured, but the Rheumatism was still in your system, waiting to break forth again at the first opportunity. And sometimes you suffered for a number of years until you found relief. Dr. Raymond has seen and treated successfully more severe, stubborn cases of rheumatism than any one specialist in America today. He holds the record for the quick cure of rheumatism in the case of Mr. M. M. Terrill in Memphis, Tenn., who was cured of one of the worst cases imaginable in just THREE days' time.

If you suffer with Rheumatism, if you are in a crippled condition as a result of this ailment, come and see Dr. Raymond at once. He is sure to afford you relief and will bring about a cure if your case is not of an incurable nature.

Liver Trouble—Do you know that one-half of the suffering that is laid to that poor stomach of yours is in reality due to an inactive, torpid liver and that few people escape liver trouble in some of its forms? Many persons have become chronic invalids, starving themselves because of a sensitive stomach and ruining their digestive organs with strong drugs because they fancied they had stomach trouble when all the while it was their old liver throwing off poisonous bile matter into the stomach, causing a constant irritation, clogging the pores of the skin, poisoning the blood, crowding the gall bladder with gallstone secretions and making life perfectly miserable in general for its poor victim. To the practiced eye of the specialist—many signs of warning are easily read. The sallow, yellow complexion; the dull, feverish look of the eye; the heavily coated, colorless condition of the tongue; the foul, offensive breath; the severe, sick headaches; the sensitive, nauseated condition of the stomach, these and many others mark the victims of liver trouble. Dr. Raymond's liver treatment has restored to health many hundreds of these sufferers and has made new men and women, able to feel years younger, out of poor wrecks of humanity that had long found "life a burden and hard to bear" on account of a sluggish liver. The liver is the great sewer of the human system. Just imagine what happens when this sewer refuses to act, gets clogged up, etc. Nature keeps right on pouring its waste product into this damaged sewer which, instead of passing these poisonous fluids and gases on and out of the system and thus preserving health, becomes torpid, overflows and fills the system and thus preserving health, becomes torpid, overflows and fills the system with this poison. A damaged, overflowing sewer is a fearful thing to contend with in every day life. How much worse is it when this rotten condition exists in your own human anatomy and you are forced to live on the fumes of this foul matter, your very breath of life poisoned by this waste product. Such sufferers are slowly but surely being poisoned to death. If you have any signs of liver trouble, consult Dr. Raymond at once.

Catarrh—Catarrh might be called the "Great American Disease" for so many Americans suffer from it in some one of its forms. The constant hawking, spitting, and the frequent effort made to clear the throats of such sufferers proclaims the catarrh victims to the least casual observer. You cannot hide your affliction. The least cold makes life miserable for you. Why not take steps at once to overcome this terrible affliction. You cannot imagine what awful results neglect of this ailment leads to. See Dr. Raymond before your case becomes incurable. He has cured many hundreds of cases of catarrh.

Weak, Worn Out Men and Women

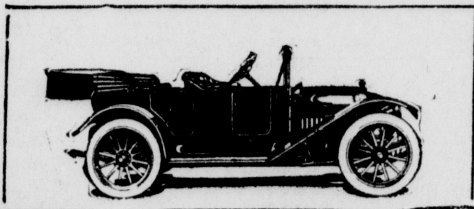

To those who are weak, worn out, run down, been ailing for years—Dr. Raymond brings the most welcome message of cheer. He has been able in such cases to make life worth living once more. He finds out the cause of your ailment; that which is robbing you of your strength and nervous energy. He builds up the weak points in the system, brings all his wonderful skill to bear in an effort to readjust and tone up the nervous energy that is going to waste. He has been called "The Master of Chronic Disease" and very justly so, for he has spent the greater part of his life in a constant study and practice in chronic ailments. Thus, he knows what to do in such cases and has been so wonderfully successful that you should not miss the opportunity to lay your case before him. No matter what your ailment is, consult with him at the Allerton Hotel tomorrow. He will be there during the hours of 10 a. m. and 5 p. m. Consultation free and private. Physicians are invited to bring their stubborn cases. If you are in poor health, find out the cause of your ailment at once. Don't neglect your health—it is the most precious possession you have. It is easily lost, but very hard to regain. Don't wait until your case is incurable. Call and see Dr. Raymond tomorrow.

Pacific Coast News Letter

WASHINGTON, April 1.—Determined to win the appointment as governor of Alaska from Charles Sulzer of Ketchikan, brother of the governor of New York, Major J. F. A. Strong of Fairbanks has come to town. He will talk the matter over with National Chairman McCombs. Strong has been on the road for a month or more, but he has picked up enough of a lot of good recommendations from original Wilson men. He is stamped "Wilsonite, progressive."

Senator Jones of Washington, who will enter next year's campaign for re-election, has been tireless in the work of investigating the inactivity of the police of the District of Columbia when the suffrage parade was mobbed. Now he has been made a member of the woman suffrage committee, along with Senator Clapp, who frequently makes suffragist speeches, and Senators Thomas, Ashurst and Owen, who propose that the women shall receive the ballot by national constitutional amendment. Realizing that Jones would make the committee a live one, the Democratic caucus agreed to Senator Thomas's plan of taking the suffrage movement under the Democratic wing.

A plan for supplanting the express monopoly by the parcels post without the purchase of the existing companies has been prepared by Congressman Bryan of Washington, and will be submitted by him in the house at the first opportunity. His idea is simple—he would merely raise the limit of weight on parcels to be carried by the postoffice from the present 11 pounds to 100 pounds.

"That would allow a farmer to telephone his feedstore man in town to send him out a ton of feed, in 20 sacks," explains the Seattle Bull Moose. "It would result in heavy auto trucks taking the place of light wagons in rural delivery of parcels, and where the express wagon now makes its rounds, or where the farmer must keep his own wagon to carry occasional loads to and from town, the government trucks would do the work at a reasonable charge."

"The express companies have nothing left but the heavy package business now, and with the 100 pound limit they would lose practically all of that."

"As a member of the Progressive party in the house I shall make a fight for a government monopoly in the express business, and for government ownership of the telephone and telegraph."

"Either the federal bench of the United States must be filled from now

on with men who can win back the respect of the people for the judiciary, which has been forfeited, or the recall of federal judges is going to come, and is going to tear the robe from some of the highest judges of the country."

This is the opinion given to Attorney General McReynolds by Senator Lane of Oregon the other day. Lane is not a lawyer; he is just a doctor and a staunch champion of common folks' rights. His sincerity in this warning so impressed McReynolds that the latter asked to have Lane's remarks sent him in writing. Lane complied.

It's a serious thing when the judiciary of the nation are the object of public suspicion," said the Oregon senator. "It indicates trouble ahead for the judges. We want men put on the bench in our part of the country, when vacancies are to be filled, who will not only be above suspicion, but will redeem the reputation of their rank."

HAYWOOD OUT ON \$5000 BAIL—HEARING SATURDAY

PATTERSON, N. J., April 1.—Writs of habeas corpus and certiorari today were granted William Haywood, organizer of the Industrial Workers of the World by Supreme Court Justice Minn. Haywood's release on \$5000 bail was ordered pending the hearing of writs before the June session of the state supreme court.

Haywood was sentenced to six months in the county jail on conviction for causing unlawful assemblies. He came here in connection with the silk workers' strike. The habeas corpus writ provides the prisoner shall appear before Justice Minn on Saturday when the legality of the charge will be questioned.

BIG COAL CONTRACT

BRUSSELS, Belgium, April 1.—Preparations on a large scale are going forward in connection with the general strike which, unless conciliation is effected between the government and the Socialists, will take place on April 14. A large coal contract has been signed between the Belgian government and English coal companies to insure a sufficient reserve of coal for the railways. Most of the newspaper offices have declared their intention of remaining open and of publishing their sheets as best they can.

RESOLUTION NO. 556

A Resolution of the Board of Trustees of the City of Santa Ana, California, for the Work of Sewers Within a District Within Said City.

The Board of Trustees of the City of Santa Ana does resolve and declare as follows:

That the public interest and convenience require the work herein described and the Board of Trustees of the City of Santa Ana, California, hereby orders the following street work to be done according to the plans and specifications adopted by said Board on the 17th day of February, 1913, to-wit:

To construct sewers in a connected system of sewers within the corporate limits of the City of Santa Ana, hereinafter described, upon the following streets, to-wit:

The center line of Orange Ave., from the center line of McFadden St., to the center line of Myrtle St.

The center line of Cypress Ave., from the center line of McFadden St., to the center line of Myrtle St.

The center line of South Main St., from the center line of Fairview Ave., to the center line of Myrtle St.

The center line of South Sycamore St., from the center line of Fairview Ave., to 300 ft. North of West Camille St.

The center line of South Broadway from the center line of Fairview Ave., to 300 ft. North of West Camille St.

The center line of South Birch St., from the center line of Fairview Ave., to 300 ft. North of West Camille St.

The center line of Magnolia Ave., from the center line of Fairview Ave., to the center line of West Camille St., produced West.

The center line of South Flower St., from the center line of Fairview Ave., to 300 ft. North of West Camille St., produced West.

The sewer on South Shelton St., to be laid 26 ft. West of the East line of South Shelton St., from the center of West Bishop St., to the center of Highland St.

The center line of West Bishop St., from 26 ft. West of the East line of South Shelton St., to 250 ft. West of South Flower St.

The center line of Highland St., from the center line of South Flower St., to 250 ft. West of South Flower St.

The center line of Culbert St., from a point 26 ft. East of the East line of South Shelton St., to the center line of South Bishop St.

There shall be placed in position on the sewer lines to be constructed at points indicated on the plans 961 634 Y's.

In addition to Y's above mentioned there shall be 40 service connections made to the sewers previously constructed by the City of Santa Ana, and at points indicated on the plans as follows:

8 to be located on South Bishop St., between Fairview Ave., and a point 3/4 mile North; 25 on Fairview Ave., between South Bishop St., and South Main St.; 14 on South Main St., between Fairview Ave., and McFadden St., and 2 on McFadden St., between South Main St. and Orange Ave.

These service connections shall be made of a joint of 4-inch vitrified salt-glazed sewer pipe, firmly secured in a 45 degree position over openings made in sewer mains securely cemented with a cement grout as used for making sewer pipe joints.

All of said work is within the district hereinafter described. Said sewers to be of vitrified salt-glazed sewer pipe including manholes, flush tanks, Y branch connections, excavation and work required for said connected sewer system within said district, according to the plans and specifications for said sewers and work on file in the office of the City Engineer to which reference is hereby made, for a more particular description of said work.

And said Board of Trustees does hereby determine and declare that said proposed work and improvement is of a character that is of local or ordinary benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district benefited by said work and improvement; and that therefore the entire cost and expense of said work and improvement shall be and is hereby made chargeable against and shall be assessed upon said lands and district, which district is within the City of Santa Ana, in the County of Orange, State of California, and is particularly bounded and described as follows, to-wit:

Commencing at the Northeast corner of Lot 1, Block "B," Walnut Grove Tract, Section 1, thence West 140 ft., thence Northwest to the center of Myrtle St. and Orange Ave., thence West along the center line of Myrtle St., to the East line of South Main St., thence North 75 ft.; thence West along the East line of West Bishop's Addition as shown on map recorded in Book 34 on page 87 of Miscellaneous Records of Los Angeles County, California, to the Southeast corner of said Bishop's Addition; thence West to a point on the North line of Lot 1, Plaza Rancho, 150 ft. West of the East line of South Bishop St.; thence South parallel and 150 ft. West of the West line of South Bishop St., to the South line of Lot 2, Plaza Rancho; thence East 180 ft., thence South along the City limits to a point 180 ft. South of the center line of Fairview Ave., thence East parallel to Fairview Ave., to a point 183 ft. West of the East line of Section 13, T. 2 S., R. 10 W., S. B. B. & M., thence South to a point 170 ft. South of the center line of McFadden St., produced West, thence East parallel to McFadden St., to a point 180 ft. East of the center line of Orange Ave., produced South; thence North parallel to the East line of Orange Ave., and 140 ft. East therefrom to the place of beginning, saving, excepting and excluding from said District for assessments all public streets, avenues, lanes, alleys, courts and places therein included and contained. The lands of the Santa Ana School District and Santa Ana High School District shall be omitted from assessment and the cost of the work in front of them shall be paid by the owners of the remaining lots and land in said sewer district.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California entitled "An Act to provide for work upon Streets, Lanes, Alleys, Courts, Places, Sidewalks and for the construction of Sewers within Municipalities," approved March 18, 1885, and the several Acts amendatory thereof or supplementary thereto; also in accordance with the plans and specifications made therefor by the City Engineer of said City of Santa Ana and adopted by said Board of Trustees as the plans and specifications according to which said work shall be done.

Said streets referred to are public streets of said City of Santa Ana, California.

The City Clerk of this Board of Trustees is hereby directed to publish this Resolution for two days in "The Santa Ana Daily Evening Register," a daily newspaper published and circulated in this City, and which is hereby designated for that purpose.

He is also directed to post conspicuously for five days near the chamber door of this Board of Trustees Notice of said work with plans and specifications inviting sealed proposals or bids for doing the work ordered, and to publish for two days a Notice of said work inviting sealed proposals or bids for doing the work and referring to the plans and specifications posted and on file, the said publication to be in the said daily newspaper hereby designated for that purpose. Both of said notices shall require a certified check of a bond, either as prescribed by law, and for an amount not less than ten per cent. of the aggregate of the proposal.

The 21st day of April, 1913, is hereby designated as the day and hour when said proposals or bids shall be received, and the said notices shall so specify.

The above resolution was passed this 31st day of March, 1913, by the following vote, to-wit:

Ayes, Trustees, Alderman, McPhee, Greenleaf, Grubb and Ey. Noes, Trustees, none.

FRANK EY, President of the Board of Trustees of the City of Santa Ana, Cal.
Approved this 31st day of March, 1913.
FRANK EY, City Clerk and ex-officio Clerk of the Board of Trustees of the City of Santa Ana, California.

Savings Bank Deposits

VS

Investments

"How can I invest \$1200.00 now in a savings-bank drawing Four Per Cent Interest, at practically no more risk to the principal than at present, but paying a better rate?"

Before the writer of the above withdraws the money to invest it in securities, he should consider the matter very carefully. If the savings bank is a sound institution the money on deposit is already one of the very best investments that human ingenuity has yet devised for a small fund.

The bank is paying 4 per cent compound interest, but a higher rate is wanted. Four per cent in a savings bank may seem a low rate of interest; but when the safety of the investment is considered and the interest is compared with the yield of a high-grade security, it is not disproportionate.

A savings bank depositor, moreover, must not lose sight of the fact that he has something besides his interest.

He has money and it is intact in his bank.

When he buys a security he parts with the money, and he cannot reclaim it except by selling the security. When he loans the money on mortgage his funds are not available for several years.

Directum Penn. Reg. No. 36669, California No. 1225. Half mile trotting record, York, Pa., Oct. 10th, 1907, 2:15 1/4, sixth heat of winning race.

1908, Lexington, Ky., sixth heat of winning race. He beat a high class field of Grand Circuit trotters. He was timed separately, the first heat in 2:08, starting in second tier, finishing a close second.

Sired by Directum, 4 years, 2:05 1/4, world's champion stallion of 1893-1900, sire of 44 including Ethel's Pride, 2:06 1/4, and seven others in 2:10. Dam, Lulu M., dam of William Penn, 2:07 1/4, and four others in list. William G. Durfee drove him at Lexington and says he is much faster than his record, is game and a first class race horse. He will be trained this season and barring accidents will get a fast record.

I will not attempt to describe this horse. Call and inspect him personally. Will make the season of 1913, commencing March 15th, at Santa Ana race track. Fee \$35.00 for the season, payable at time of service and before mare leaves our possession. Money refunded if mare proves not in foal. Pasturage at \$5.00 per month, but no responsibility assumed for accidents or escape. For further particulars address Abe W. Johnson, Myford, Cal. F. H. Moon, Santa Ana Race Track, Santa Ana, Cal.

LOS ANGELES PRODUCE MARKET

Heavy receipts of butter the previous day caused a decline of 1 1/2 cents in creamery extras yesterday. Should the receipts continue large there should be a further decline in the few days. The improvement in the supply is expected to be steady from now on. Eggs were steady. Cheese receipts were light but the market appeared to be rather easy.

An abundance of asparagus due to large receipts caused the price for the white variety to be as low as 5 cents a pound in some instances. The demand is active, and this may have a tendency to firm the market. Peas are a shade cheaper. It is expected that there will be a better supply henceforth. Rhubarb receipts were light, and the price remained rather steady. Florida tomatoes were fairly plentiful, but rather high priced, selling at \$2.75 a crate. Hothouse cucumbers continue in evidence. The market is pretty steady on this vegetable.

Loquats were on the market at about the same prices, but should become more plentiful and cheaper soon. The quality seems to be improving. No apples were reported in. The supply is large, however. Navel oranges were up a little, the best fruit selling around \$3.50 to \$3.75 a box. The demand continues light, however.

Reported receipts were: Eggs, 600 cases; butter, 34,670 pounds; cheese, 190 pounds; potatoes, 5 sacks; sweet potatoes, 55 sacks.

EGGS—Ranch, candled, 22 1/2 @ 23 1/2; fresh ranch, case count, buying price, 20 1/2; Petaluma-Santa Rosa extras, 20 1/2 to 21; northern, case count, 16 to 19.

BUTTER—Buying prices: Creamery extras, 36 per lb.; creamery firsts, 32 1/2 to 34 1/2. Prices to the trade are about 3 cents above these quotations.

Planting

We are now in the midst of the tree planting for this season in the Yucaipa Valley. Forty thousand trees are being set. Rome Beauty, Wine-saps, Delicious, Arkansas Blacks, and Winter Bananas, are the principal varieties being set. These are the varieties that have been well tried out in the valley and produced such remarkable results. Peas and cherries are also being set, both of which do remarkably well in Yucaipa.

The big water developments and irrigating systems are nearing completion. And now for the surface crops. Hundreds of acres of vegetables are growing.

More tomato growers are wanted. The cannery is ready to contract for 50 acres more. The Yucaipa tomatoes, large, smooth and solid, are especially valuable for late shipment.

Remember there is no other land proposition in Southern California equal to the Yucaipa Valley when it comes to soil, irrigation and domestic water, modern improvements and profitable results. Not way up north. Not out on the desert. No stones, no cactus, no brush. The whole valley a garden spot. No fog. No destructive winds. No late frosts. No desert heat, pleasant all winter. Fine schools, churches, newspaper, library, hotel, stores, woman's club, growers' club, park, electric light, automobile service. Rural free delivery and all things that make life attractive in this beautiful valley.

And soon this fine opportunity will be gone forever for the land is selling fast. The price is reasonable, the terms so easy, six per cent interest, two years between payments. We go up every week. One day trip to see it all. Only 64 miles away. Go with us and see for yourself. Rea lands and Yucaipa Land Company.

SUMMER SCHOOL'S NOTABLE STAFF

Fine List of Educators for 1913
Summer School of U. S. C.,
June 23 to August 2

BERKELEY, April 2.—Dean C. H. Rieber of the University of California summer session has announced a notable staff of teachers for this year's summer school, which will last from June 23 to August 2. Among the teachers will be I. B. Houghton, Holliburn, lecturer for the Oxford and Cambridge University extension systems; Prof. Isabel Bevier, head of the University of Illinois department of household science; Prof. Edward Elliott, head of

the department of politics at Princeton; Prof. Robert I. Fulton, dean of the Ohio Wesleyan College of Oratory; Prof. Barry Gilmore, University of Iowa College of Law; Prof. G. A. Miller, head of the department of mathematics, University of Illinois; P. L. Paxson, professor of American history, University of Wisconsin; Prof. E. P. Schoch of the department of physical chemistry, University of Texas; C. A. Smith, Edgar Allen Poe, professor of English, University of Virginia; professor of English, Northwestern University; Dr. M. P. Ravenel, professor of bacteriology, University of Wisconsin; Prof. W. R. Vance, head of the University of Minnesota law school, and Hutton Webster, professor of social anthropology, University of Nebraska.

The musical department will be in charge of Glenn Woods, conductor of the Arion Club of St. Louis.

Sells-Floto Coming

Lucia Zora of the Sells-Floto Circus has perhaps been justly called "the bravest woman in the world," because she is the only woman who has ever introduced a large herd of trained elephants and performed them successfully in the arena.

Added to this she possesses all the control of the masters of this strange and curious art.

The Sells-Floto circus which comes here on April 16 has always boasted possessing the most "marvelously trained elephants on the fact of the globe, it being conceded by all showmen that they work faster than any ever before the public, and they are handled, educated and introduced by Lucia Zora, who, as before stated, is in a class by herself when it comes to handling these huge pachyderms.

If you can imagine yourself in a small 40-foot ring with half a dozen of these tremendous animals curvetting and capering about you, executing what are apparently impossible stunts, never allowing any of them to miss their cues and making each one perform at an appropriate moment and at the same time seeing to it that you are not trampled upon, maimed or otherwise injured, yourself, you are accomplishing what any showman will tell you is one of the most hazardous of all feats, because no animal of the hippodrome or menagerie requires more careful or incessant watching than the elephant.

Mademoiselle Zora will appear at all the performances given by the Sells-Floto Circus and will also be seen in the parade where she drives "Kas" and "Mo," the twin elephants, tandem.

The doors will be open one hour earlier than the performance commences which is at 2:15 and 8:15 p. m. in order that patrons may have an opportunity of visiting the menagerie and Horse Fair. The price of admission this year is the same as that of former years, 25 cents admits to the menagerie, Horse Fair and circus proper in their entirety.

CARRANZA DECLARES SELF AS PROVISIONAL PRESIDENT
WASHINGTON, April 1.—Governor Carranza, at the head of the revolution against the Mexican government in the north, has declared himself provisional president, according to official representatives today.

A dispatch from Cuernavaca says that Pascual Orozco, Sr., has been executed by the soldiers of Zapata, the rebel leader.

WANT P. M. AT SAN JUAN CAPISTRANO

Notice has been sent out by the U. S. Civil Service Commission that on Saturday, April 26, an examination will be held in Santa Ana for the postmastership at San Juan Capistrano. The compensation for this office last fiscal year was \$521. The present postmaster is Peter Jauregin. The office comes within the new regulation which makes it a competitive civil service office.

GETTING GRAY? USE SAGE TEA TO RESTORE NATURAL COLOR OF HAIR

Says Sage and Sulphur Darkens Hair Beautifully and Ends Dandruff

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair, says a well-known local pharmacist. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and even today this simple preparation has no equal. Millions of women and men too, who value that even color, that beautiful dark shade of hair which is so attractive use only Sage Tea and Sulphur.

Nowadays we are not bothered with the task of gathering the sage leaves and the mussy mixing at home. Simply

ask any drug store for a 50 cent bottle of the ready to use preparation, called "Wyeth's Sage and Sulphur Hair Remedy." Customers like this best because it darkens so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it contains ingredients which take off dandruff, stop scalp itching and falling hair. No, it isn't a dye or even like it. You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it brings back the gloss and lustre and gives it an appearance of abundance. Rowley Drug Co.

I Cure PILES

Fistula and All Rectal Diseases
WITHOUT AN OPERATION

I Guarantee to Cure Every Case I Accept for Treatment.

For twenty-five years I have been curing diseases of the rectum and lower bowel. During that time my experience as hospital and railroad surgeon, as college lecturer and professor, has enabled me to develop a method that is superior to all others. I cure without surgery and my patients are never confined in bed and never lose a moment's time from their business.

With my method I absorb pile tumors by medication, applied (or driven in) by a mild electric current. The piles are absorbed in a few treatments, leaving the rectum in a healthy, normal condition. There is no danger, no bad after effects and no pain or soreness.

My method is not a "home cure" or a "correspondence treatment," but it is an application of skilled treatment administered by me in my office.

If you are a sufferer from rectal trouble, I invite you to investigate my method thoroughly by talking or writing to any of my cured patients. If you will call at my office I will be pleased to give you the names and addresses of many well-known Los Angeles people I have cured, whom you may interview in regard to my treatment.

I TREAT NO DISEASES EXCEPT THOSE OF THE RECTUM AND BOWELS
WELL KNOWN DENTIST CURED

For twenty years I suffered with a severe rectal trouble which was caused by being almost constantly on my feet. The pain from this affliction has at times incapacitated me from professional duties. Dr. C. H. White, with his dis-solvent method, has entirely cured me and I am as well as I ever was in my life. I desire to say to all sufferers that Dr. White is a skillful physician and is doing grand good work for humanity in the curing of diseases of the lower bowel.

PROMINENT SANTA MONICA MINISTER CURED
This is to certify that Dr. C. H. White has cured me of a distressing hemorrhoidal ailment of 25 years duration. His method of treatment is effective but not severe. He has the appliances—the knowledge and skill born of many years of specializing in this fruitful source of physical distress. He accomplishes all he claims in his advertising and at reasonable expense. I take pleasure in heartily commending the man and his methods.

Pastor First Methodist Episcopal Church, Santa Monica, Cal.

SANTA ANA MAN CURED
Dr. White cured me of protruding and ulcerating piles from which I have suffered for years. The cure was rapid and practically painless. I am highly pleased with this absorbent and dissolvent method of cure.
